

Use Crafcoc high-quality concrete cure products to strengthen newly paved concrete surfaces.

- Easily spray-apply to produce a hard, stable concrete
- Meets all ASTM, ASHTO & State DOT specifications
- For use in roadways, airport runways, parking lots, curbs, and more

Crafcoc's line of innovative pavement preservation products have been extending the service life of roads and highways across the U.S. and abroad.

Crafco Concrete Curing Compounds

Crafco offers a wide variety of curing compound products designed to strengthen newly paved concrete surfaces. Crafco's curing products are formulated with the highest-quality ingredients to provide maximum stability and protection and to withstand the weight of everyday traffic, changes in weather, and UV exposure. Crafco's curing applications include concrete construction projects, such as roadways, airport runways, parking lots, and curbs.

PRODUCT	SPECIFICATIONS	DESCRIPTION	USE & APPLICATION	
White Water Wax City	Various Municipal Codes	<ul style="list-style-type: none"> Liquid Concrete Curing Compound Water Based Wax Emulsion White Pigmented 	<ul style="list-style-type: none"> Use as surface applied concrete curing compound Single coat 200 ft²/gallon or as required 	
White Water Wax 309 Standard	ASTM C309, Type II, Class A			
White Water Wax 1315	ASTM C309, Type II, Class A ASTM C1315, Type II, Class A			
White Water Resin 309	ASTM C309, Type II, Class B	<ul style="list-style-type: none"> Liquid Concrete Curing Compound Water Based Resin Emulsion White Pigmented 		
White Water Resin 44	ASTM C309, Type II, Class B ASTM C1315, Type II, Class B			
White Water Linseed Oil 309	ASTM C309, Type II, Class A	<ul style="list-style-type: none"> Liquid Concrete Curing Compound Water Based Linseed Oil Emulsion White Pigmented 		
Clear Water Wax 309	ASTM C309, Type I, Class A	<ul style="list-style-type: none"> Liquid Concrete Curing Compound Water Based Wax Emulsion No Pigment 		
Clear Water Resin 309	ASTM C309, Type I, Class B	<ul style="list-style-type: none"> Liquid Concrete Curing Compound Water Based Resin Emulsion No Pigment, Dye Available 		
Clear Water Linseed Oil 309	ASTM C309, Type I, Class A	<ul style="list-style-type: none"> Liquid Concrete Curing Compound Water Based Linseed Oil Emulsion No Pigment 		
Anti-Spall 50/50	Various State Specifications	<ul style="list-style-type: none"> Liquid Concrete Sealer Mineral Spirits & Linseed Based 		<ul style="list-style-type: none"> Use as anti-spall sealer: 1st coat, 200 ft²/gallon 2nd coat, 600 ft²/gallon

Available: 5 Gallon Pails, 55 Gallon Drums, and 275 Gallon Totes*

*Anti-Spall 50/50 only available in metal pails and drums.

Our materials development team innovates new concrete products through ongoing research to provide our customers with reliable, quality products that offer superior performance. Crafco is the recognized leader in pavement preservation.
