PAVING MAINTENANCE &
COMPACTION EQUIPMENT

LeeBoy

Trust LeeBoy.
As Dependable as Your Day is Long.

LeeBoy 8616D

127 HP Kubota Diesel
3 Position Operator Station
Legend HD PRO Screed

Paving Widths up to 15'6"
23,450 LBS
9-Ton Hopper

LeeBoy 8530

125 HP Kubota Diesel
3 Position Operator Station
Legend HD PRO Electric Screed

Paving Widths up to 15'6"
22,520 LBS
9 Ton Hopper

LeeBoy 8520B

106 HP Kubota Diesel
High/Low Deck Configuration
Legend HD Screed

Paving Widths up to 15'
19,760 LBS
9 Ton Hopper

LeeBoy 8510E

74 HP Kubota Diesel Engine
Choice of High/Low Deck
Choice LP or Electric Screed Heat

8 to 15 Ft. Paving Widths
17,720 LBS
7.5-Ton Hopper

LeeBoy 8515E

74 HP Kubota Diesel Engine
High/Low Deck Configuration
Optional HD Electric Screed

8 to 15 Ft. Paving Widths
17,155 LBS
7.5-Ton Hopper

LeeBoy 8500E

71 HP Kubota Turbo Diesel Engine
Choice of High/Low Deck
Choice LP or Electric Screed Heat

8 to 15 Ft. Paving Widths
18,100 LBS
7.5-Ton Hopper

LeeBoy 7000C

**65 HP Kubota Diesel Engine
Low Deck Configuration
8-13 Ft. LP Heated Screed**

**Paving Widths up to 13'
13,000 LBS
6-Ton Hopper**

LeeBoy 6150

**74 HP Kubota Diesel Engine
High/Low Deck Configuration
LP or Electric Screed Heat**

**8 to 15 Ft. Paving Widths
18,180 LBS
7-Ton Hopper**

LeeBoy 1000G

**49 HP Kubota Diesel Engine
Legend Propane Screed
Hydraulic Cut Off Gates**

**Paving Widths up to 13'
11,000 LBS
5.5-Ton Tilt Hopper**

LeeBoy 5300

**65 HP Kubota Diesel Engine
Full Width Platform
LP or Electric Screed Heat**

**4 to 7 Ft. Paving Widths
12,700 LBS
7-Ton Hopper**

(800) 875-5659

LeeBoy

RA-400 Spray Patcher

**One Man Operation
Patch On the Go Technology
Telescoping Front-Mount Boom
300 Gallon Emulsion Tank
5 Cu. Yd. Rock Hopper
240 HP Peterbilt Chassis
VORTEC Rock Delivery System**

LeeBoy 3000 Force Feed Loader

**20,140 LBS
130 HP Cummins Diesel Engine
34 Ft. Straight Conveyor w/ Optional Swivel Conveyor
Easily Pick Up Shoulder Clippings, Millings, Snow Etc.
Choice of Tapered or Auger Moldboard
Enclosed Cab with Heat & Air**

Rosco Maximizer 2B

1000, 1500, 1900, 3000, 3500, and 4,000 Gallon Capacity
 8 to 12 Ft. Fold Down Spraybar with Optional Extensions
 Viking Asphalt Pump
 Choice of Diesel or LP Heat

Rosco Maximizer 3B

1000, 1500, 1900, 3000, 3500, and 4,000 Gallon Capacity
 8 to 16 Ft. Telescoping Spraybar
 Viking Asphalt Pump
 Choice of Diesel or LP Heat

Rosco Maximizer 4B

2,050 and 4,250 Gallon Capacity
 24' Full Circulating Extendible Spray Bar
 Viking, Positive Displacement Pump
 2 Diesel Fired Burners with Electric Ignition

LeeBoy L150

150 Gallon Capacity
 4.8 HP Honda Gas Engine
 300,000 BTU Propane Burner
 6' Wand with Cold Handles

LeeBoy L300

300 Gallon Capacity
 4.8 HP Honda Gas Engine
 300,000 BTU Propane Burner
 6' Wand with Cold Handles

LeeBoy L600

600 Gallon Capacity
 4.8 HP Honda Gas Engine
 300,000 BTU Propane Burner
 Optional 12' Spray Pattern

(800) 875-5659

Rosco NV55

74 HP Hatz Diesel Engine
6,900 LBS
Self-Loading Brush System
Brush Side Shift
Integrated Water System
Choice of Hand or Foot Controls

Rosco RB-50

74 HP Hatz Diesel
5,150 LBS
Choice of Canopy or Cab
Joystick Controls
Optional Front Blade

Rosco NB25

25 HP Kubota Diesel Engine
Total Length: 15' 1"
8' Heavy Duty Steel Core
Center Mount Brush Location
Toggle Switch Controls
Optional Tow Package

Miller Curber Co. LLC

MC Series

7 Different Models Available
Honda Gas Engines
5" 6" or 8" Auger Size
Produce Asphalt or Concrete Curb
Over 2000 Curb Molds Available

Curb Loader

73.5" Length **380 LBS Weight**
61.5" Auger Length **Fits Most Modern Skid Steers**

Curb and Gutter Machine

Designed to Produce 18" or 24" Curb and Gutter
(2) 8" Augers
Vibration Over 2000 Curb Molds Available

DYNAPAC

MF 2500 Material Feeder

44,100 LBS Operating Weight
220 HP Cummins QSB 6.7-C220
82 Ft./Min. Operating Speed

Constantly Variable Conveyor Speed
47.24" Conveyor Width
4000 t/h Feed Capacity

D25W 8-Foot Wheeled Paver

Carlson EZIV Front Mount Screed
39,200 LBS Operating Weight
173 HP Cummins Diesel Engine

D25T 8-Foot Track Paver

Dual Swing Out Operator Stations
Available in Track or Wheeled Configurations

D30W 10-Foot Wheeled Paver

Carlson EZIV Front Mount Screed
42,000 LB Operating Weight
225 HP Cummins Diesel Engine

D30T 10-Foot Track Paver

Dual Swing Out Operator Stations
10 Ft. Basic Width – Extendable to 28 Ft.
Available in Track or Wheeled Configurations

(800) 875-5659

8

CC900G

35" Drum Width 2,900 LBS Operating Weight
Honda Gas Engine 4,200 VPM Frequency

CC950

35" Drum Width 3,100 LBS Operating Weight
20 HP Kubota Engine 4,200 VPM Frequency

CC1000

39" Drum Width 3,900 LBS Operating Weight
24 HP Kubota Engine 4,200 VPM Frequency

CC1200

47" Drum Width 5,170 LBS Operating Weight
25 or 38 HP Kubota Diesel Engine 3180/3900 VPM Frequency
Available in double drum or combination roller configurations

CC1300

51" Drum Width 8,600 LBS Operating Weight
49 HP Kubota Diesel Engine 3120 VPM Frequency
Available in double drum or combination roller configurations

CC2200

59" Drum Width 17,000 LBS Operating Weight
74 HP Diesel Engine 198 Gallon Water System
Optional Enclosed Cab
Available in double/combination drum configurations

CC4200

66" Drum Width 22,000 LBS Operating Weight
130 HP Cummins Diesel 233 Gallon Water System
Optional Enclosed Cab
Available in double/combination drum configurations

CC5200

77" Drum Width 26,000 LBS Operating Weight
130 HP Cummins Diesel 233 Gallon Water System
Optional Enclosed Cab
Available in double/combination drum configurations

CC6200

84" Drum Width 27,300 LBS Operating Weight
130 HP Cummins Diesel 233 Gallon Water System
Optional Enclosed Cab
Available in double/combination drum configurations

DTR75

1,669 LBS Operating mass **3.4 MPH**
8.3 HP Hatz engine **3,300 VPM**
15.85 Gallon water tank

S100

1,100 LBS Operating mass **39.4" working width**
3.2 kW Honda engine **2.1 MPH max transport speed**
40 Gallon material hopper

DFP7

3.5 HP, Honda engine **3.6 gallon water tank**
82 FPM, 30% max gradeability **.5 gallon fuel tank**
5,400 VPM

DFP9

4.8 HP, Honda engine **1.9 gallon water tank**
82 FPM, 30% max gradeability **.8 gallon fuel tank**
5,400 VPM

CC1200C

47" Drum Width **106 HP Kubota** **3180/3900 VPM Frequency**
5,170 LBS Operating Weight **Available with 25 or 38 HP Kubota Diesel Engine**

CC1300C

51" Drum Width **49 HP Kubota Diesel Engine** **8,600 LBS Operating Weight**
3120 VPM Frequency

CP1200

74HP Cummins Diesel Engine **12,600 LBS – 26,500 LBS (Fully Ballasted)**
Optional Enclosed Cab **69" Rolling Width**
Pressurized Water System

CP2700

110 HP Cummins Diesel **27,300 LBS – 59,500 LBS (Fully Ballasted)**
Optional Enclosed Cab **Pressurized Water System**
91" Rolling Width

SAKAI

MASTERS OF COMPACTION

Sakai PC600

Weight – 147 LBS
5 HP Honda Gas Engine

30,955 LBS
73 HP Kubota
3 Year / 3000 Hour Warranty

83" Drum Width
High 355 PLI Static Roller

Road Widener FH-R

ROADWIDENER

2,900 LBS
Available in Single or Dual Sided
Discharge Configurations

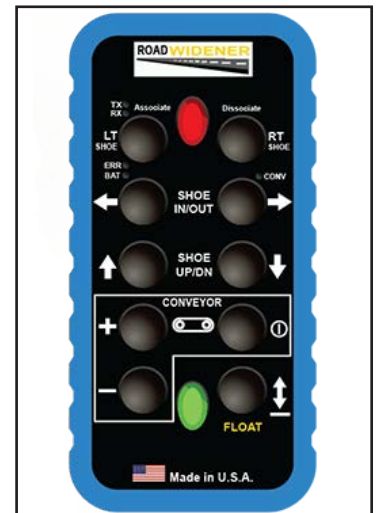

Wireless Remote Control
Hydraulic Grade and Slope
Controls

Road Widener Off-Set Roller Attachment

Available in 24, 36 and 48" Widths
Attaches to Any Skid Steer

Remote Control Operation
Up to 30° Drum Pivot

MIDLAND

MIDLAND MACHINERY CO., INC.

SPD-6

**John Deere Diesel Engine
Widens 1-6 Ft.
Front Steering/Drive Axle**

**12,320 LBS
Left Hand & Right Hand Strike
Off Blades**

SP-8

**John Deere Diesel Engine
Widens 1-8 Ft.
Front Wheel Drive**

**18,500 LBS
Available in R/H or Dual Sided
Discharge**

SP-10

**John Deere Diesel Engine
Widens 1-10 Ft.
Front Wheel Drive**

**25,500 LBS
Dual Sided Discharge**

SP-12

**John Deere Diesel Engine
Widens 1-12 Ft.
All Wheel Drive**

**29,500 LBS
Dual Sided Discharge**

SA Road Attachment

**Widens 1-8 Ft.
Self-Contained Diesel Engine
Attaches as Front End Loader**

**450 TPH Production Rate
R/H Discharge**

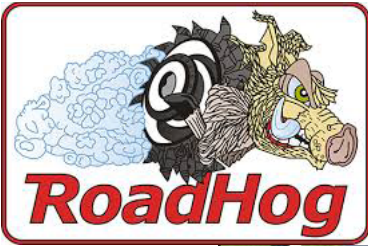

WA Road Attachment

**Widens 1-8 Ft.
Self-Contained Diesel Engine
Attaches as Front End Loader**

**450 TPH Production Rate
R/H Discharge**

685D

**130 HP Cummins Diesel Engine
Choice of Open ROPS or Enclosed Cab
Base Weight: 16,000 LBS**

**Optional All Wheel Drive
Two-Speed Hydrostatic Drive
11 or 12 Ft. Moldboard**

695B

**130 HP Cummins Diesel Engine
Moldboard Float Control
Base Weight: 16,000 LBS**

**Industry Standard Controls
11 or 12 Ft. Moldboard**

DYNAPAC SEISMIC TECHNOLOGY

Even though operators have had the possibility to adjust the frequency by themselves, rollers have had standard frequencies between 28 to 40 Hz (1,680 – 2,400 vpm) and indicators with recommendations to go down manually with adjustable frequencies, depending on soil types. Recognizing the dynamic characteristics of a certain soil just by looking at it is impossible. With Dynapac Seismic, the roller automatically determines the natural frequency of the soil and adjusts to it. This saves both time and fuel consumption, makes it easier on the environment and reduces the wear of the machine.

DR6X

128 LBS Operating mass
GXR 120 Honda engine
600 – 710 VPM

3.5 HP (2.6 kW) @ 3,600 RPM
Working speed: 65.6 FPM

DR7X

150 LBS Operating mass
GXR 120 Honda engine
600 – 710 VPM

3.6 HP (2.7 kW) @ 3,600 RPM
Working speed: 65.6 FPM

D.One Trench Roller

3516 LBS Operating mass
Kohler KDW 1003 engine
Radio remote control

12.8 kW (17.2 hp) @ 2,600 RPM
2,520/2,520 VPM
6.3 gallon fuel tank

CA1300D/CA1300PD

Kubota V 3307 CR-TE4 engine
54" Drum Width
Smooth Drum or Padfoot

Rear Axle Limited Slip
10,500 LBS Operating Weight

CA1500D / CA1500PD

Choice of 75HP Deutz or 100HP Cummins Diesel Engine
66" Drum Width

Available in Smooth Drum or PadFoot
Optional Enclosed Cab
18,700 LBS Operating Weight

CA2500D / CA2500PD

Choice of 120HP or 130HP Cummins Diesel Engine
84" Drum Width

Available in Smooth Drum or PadFoot
Optional Enclosed Cab
26,200 LBS Max Operating Weight

CA3500D

130 HP Cummins Diesel Engine
84" Drum Width
Available in Smooth Drum or PadFoot

Optional Enclosed Cab
30,400 LBS Max Operating Weight

CT3000

260 HP Cummins Diesel
49,700 LBS Operating Mass
Enclosed Cab

PowerShift Transmission
138" Blade Width

GDOT State Contract Number : 99999-001-SPD0000177-0035

Aspen

Travel speed up to 25 MPH
Front telescopic arm: 19' or 23' with extensions up to 28'
High visibility panoramic windshield

Deutz 143 HP Stage V powerful engine
4-wheel drive traction system, 3 operating modes
Total machine weight: 19,144 lbs.

Kommunal

Travel speed up to 25 MPH
3 telescopic arm options with quick attachment system
3 cabin styles

Deutz TCD 3.6 135 HP engine
360° visibility
Total machine weight: 14,374 lbs.

Alpha & Alpha Eagle

Travel speed up to 25 MPH
3 telescopic arm options up to 40'
90° rotating cabin
JD 173 HP Stage V powerful engine

4-wheel drive traction system, 3 operating modes
Total machine weight: 30,423 lbs.

Athena

Travel speed up to 25 MPH
Telescopic arm up to 50'
90° rotating cabin
Deutz 6.1 220 HP diesel engine

4-wheel drive traction system, 3 operating modes
Total machine weight: 39,683 lbs.

Remote Controlled Slope Mowers

RoboMINI

Remote controlled up to 492'
Slopes up to 50°
23 HP gas engine

Multiple tools available
Adjustable oscillating joints
Total machine weight: 926 lbs

RoboEVO

Remote controlled up to 492'
Slopes up to 55°
40 HP diesel engine

Multiple tools available
4 tracks options
Total machine weight: 2,645 lbs

RoboMIDI

Remote controlled up to 492'
Slopes up to 50°
60 CV Stage V diesel engine

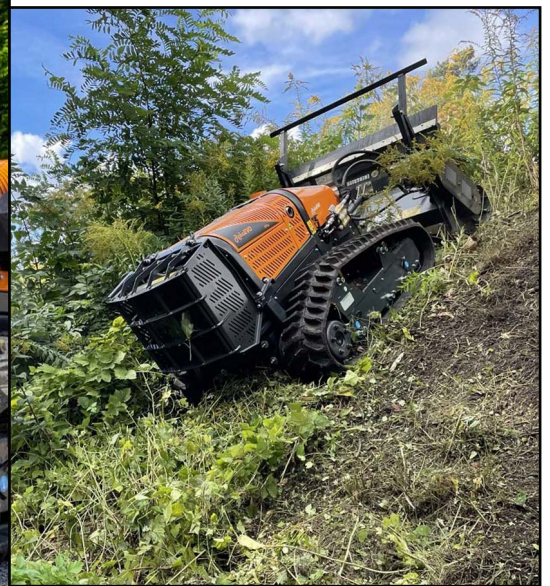

Multiple tools available
Two double effect hydraulic functions
Total machine weight: 3,792 lbs

RoboMAX

Remote controlled up to 492'
Slopes up to 50°
75 HP Stage V diesel engine

Multiple tools available
3 tracks options
Total machine weight: 5,445 lbs

Aebi Terratrak Slope Tractors are versatile implement carriers designed for use on sloping terrain. Thanks to their lightweight broad design, low center of gravity, and dual Terra tires, Aebi Terratrak slope tractors are well suited for work on steep terrain with minimal soil disruption. Terratrak models come with a stepless hydrostatic drive and are equipped with front and rear PTO's. A range of front and rear attachments are available making the Aebi Terratrak useful all year round, but most Aebi's are equipped with heavy-duty rotary or flail movers and used to cut high-volume steep slopes on dam's, landfills, roadside embankments, retention ponds etc.

TT206 ♦ TT211 ♦ TT241 ♦ TT281

**Available in 4 Sizes from 50 – 109 HP
Powerful Kubota Diesel Engines
Full time AWD
Front and Rear PTO's**

**Hydrostatic Transmissions
Top Speed: 25 MPH
Dozens of Available attachments**

GOVERNMENT CONTRACT

Plexi Melt

Hundreds of mix designs available **Faster heat up time**
Boxless packaging creates less waste **Weather resistant packaging**

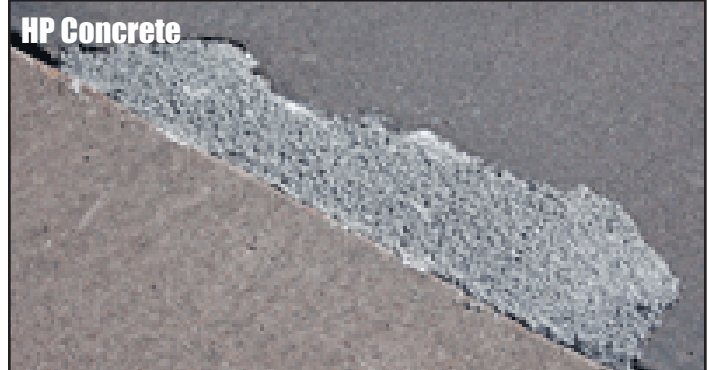

Mastic One

Designed for cracks greater than 1.5" in width **Mastic is load bearing once on the ground**
Available in several mix designs

TechCrete

Hot-applied repair mastic sealant **Aesthetically suitable in all concrete pavements**
Seals wide cracks and joints

HP Concrete

Works in all weather conditions; wet, cold or hot **No mixing, mechanical compaction or tacking**
Cost effective

DETACK

Applies over hot sealant **Decreases labor cost**
Eliminates tracking & sticking **Reduces traffic closure time**
Increases production **Protects sealant integrity**

Crafco 963 - Mastic Gray

Great for dry weather conditions **No mixing, mechanical compaction or tacking**
Cost effective

Super Shot Melters

CRAFCO®
AN **ERGON** COMPANY

Available in 60, 125 and 250 Gallon Sizes
Electrically Heated Material Hose
Digital Controls with On-Demand Pump System

Isuzu Diesel Engines
Optional Auto Loader System
Melt Rate up to 2000 LBS / Hour

EZ Series II Melter Applicator

Crack Seal

Available in 130, 265 & 400 Gallon Sizes
Isuzu Diesel Engines
Melt Rates up to 2800 LBS / Hour

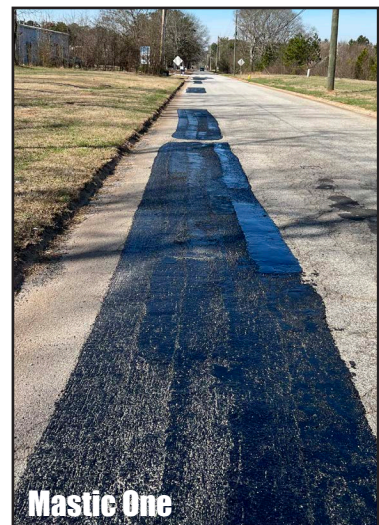

Single or Double Boiler Options
Optional Dual Hose Configuration
Choice of Standard or Electric Hose

Patcher II Mastic Machine

200 Gallon Capacity
Isuzu Diesel Engine
Hydraulic Agitator

Optional Heated chute
Optional Pour Cart

Mastic One

(800) 875-5659

26

Super Sealcoater

Available in 550 or 800 Gallon Sizes
Trailer or Skid Mount
13 HP Honda Gas Engine

Jenny Air Compressor
35 Gallon Water Tank

Crack Vac

Removes Dirt and Debris form Cracks Dust Free
Increases Crack Sealing Efficiency

Available in Truck-Mount or Skid-Mount Configurations
150 Gallon Holding Tank
Diesel Engine

EZ Pour Melter

150 Gallon Capacity
7,000 LBS
Single 7,000 LB Double Eye Axle

24" x 24" Clean Out Port
12V Deep Cycle Battery

Mini Melter

Melt and Apply Material in less than 20 Minutes
10 Gallon Capacity

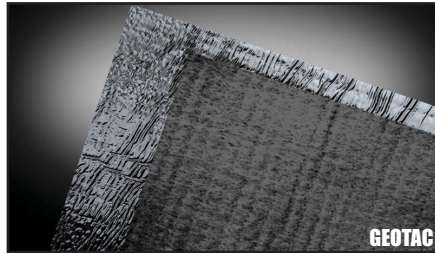

LP Heat
Built in Drag Box

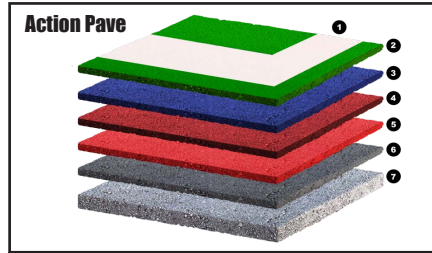

Model 30 Router

27 HP Koehler Gas Engine
Up to 2000 Ft./Hour Production
Electric Clutch

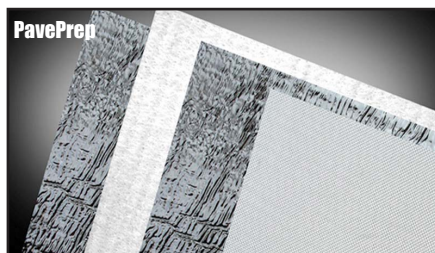

Optional Self-Propelled Operation
Optional Dust Control System

Peel & stick easy application
Prevents water permeation through pavement
Minimizes traffic disruption
Increases overlay life

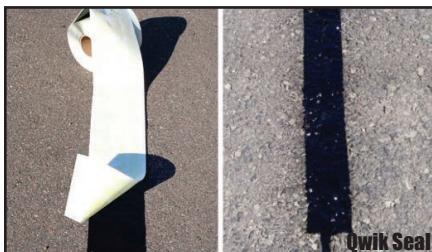

Variety of activity surfaces & play areas
Available in a variety of colors
100% acrylic
Available for new or existing courts

High density mastic; tough woven polyester
Reduces crack reflection through overlay
Easy installation; minimal traffic disruption
Increases overlay life

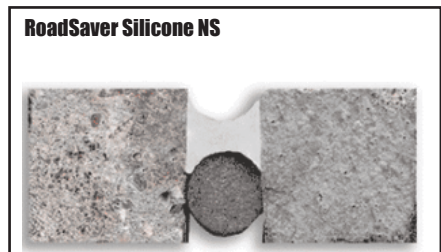

Sticks almost anything to concrete or asphalt
Available in 6" or 8" diameter
Pressure sensitive, peel & stick

Peel & stick, modified asphalt compound
Prevents water intrusion and deterioration
Continuous 50' strips
4" or 2 1/2" widths

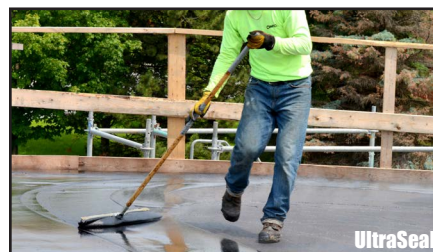

Ideal for pavement markers or small cracks
Use small torch to melt enough for single job
Works well on AC or PCC pavements

Non-sag silicone for sealing joints
Ready to use in any climate
Single component moisture curing system
Compatible with asphalt and concrete

Self-leveling silicone
Outstanding weathering resistance
Compatible with asphalt and concrete
Ready to use in any climate

Hot applied joint and crack sealants
Extends life of asphalt pavement
Protects & preserves the integrity of water tight membrane

Leading synthetic running track surfacing
Customized to specific needs
Can be purchased on the Sourcewell contract

FALCON
Road Maintenance Equipment

Truck Mount
Available in 2, 3, 4, 6, 8 or 10 ton capacity
Hot Box & Recycler
Optional tack spray system
Direct or hook lift mount

Trailer Mount

Available in 2, 4 or 6 ton capacity
Optional emulsion spray system
Keeps asphalt hot for up to 7 days
Stationary Frame design

Tack Tank Trailers

Available in 150, 250 or 500 gallon sizes
Thermostatically controlled
Diesel burners
Insulated tank

Dump Box

Available in 2, 4 or 6 ton capacity
Optional tack spray system
Hot Box & Recycler
Dump Mount

Mini

1 ton capacity
Designed for small jobs or infrared crews
Single axle
2 Year warranty

- Hammer bracket, mounted on hoist
- Hammer holster, mounted in rear bumper
- Grill mounted flashers
- Headache rack
- Solvent tank
- PTO supplied by dealer/customer - DEDUCT

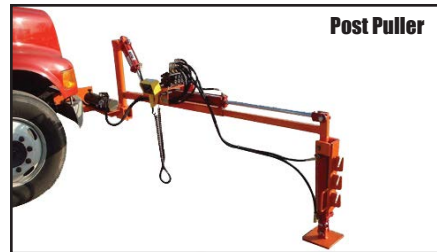

The Falcon Patch Truck gives you unparalleled versatility. With no auger or conveyor belt, moving parts inside the hopper have been eliminated. Because of that there are lower operating costs and no CDL required. Gravity dump gives operators a faster material delivery, lower repair, and maintenance costs.

These are the following standard features: patented heat management system featuring a 5-year maintenance-free combustion chamber, large unloading door for easy access, patented VIP system to eliminate damage from low voltage, an emphasis on curbside safety and easy platform work surfaces, and a durable and reliable dump system.

30

Post Puller

Extended reach to 94"
21,000 LBS Pulling Force, Standard
31,000 LBS Pulling Force, Optional
14" Pulling Cylinder Stroke
180 Degree Swing Radius

CRE-108CS & CRE-120CS

Available in 9' & 10' Widths
Optional Air Gate Controls with In Cab Controls
Removable Stand for Easy Storage & Installation
Easily Installs to Any Dump Truck

CRE965 Series

Available in Single and Dual Augers
Distribution 4' to 40'
Adjustable Spread Pattern
Can also be used as a Salt Spreader in Winter

CRE-195 Tailgate Chip Spreader

Available in 96" or 112" Widths
Spring Finger or Solid Black Discharge
Available in Painted or Stainless Steel
Can Also be used as a Salt Spreader

TGC-18

18" Belt-Over-Chain Conveyor Width
Right or Left Hand Discharge
Heavy-Duty 7-Gauge Trough
Heat & Oil Resistant Belt

XZALT

7.5 Cubic Yd. Struck Capacity, 700-Gallon Liquid
Single & Multiple Lane Spreading Capability
Integrated Liquid System with 70:30 Dry/Liquid
Ratio

E2020XT

Mounts to dump body or truck chassis
Height-adjustable hydraulic-drive spinner
98% efficient spur gear drive with 6:1
reduction

Hi-torque/low-speed hydraulic
motor
Available in carbon or stainless
steel

Super P

In-cab control of engine speed,
spread width, and start/stop of
conveyor and spinner

Heat-treated, self-cleaning pintle conveyor
chain
Heavy-duty spinner assembly
Carbon or stainless steel
